The National Competence Center on Developmental Disabilities (NAKU) of Norway and the North Dakota Center for Persons with Disabilities (NDCPD) in the US are pleased to announce the second international webinar on Inclusive Supported Employment (also known as Customized Employment). This second webinar will feature speakers from England, Canada and Australia as they discuss the impact that laws, policy and regulations have on the implementation of inclusive supported employment.

This webinar is the second in a series of four (4) online webinars from Fall 2019 through the Fall 2020. NDCPD and NAKU are collaborating on hosting these webinars to bring an international perspective on the concepts of customized employment, legal and policy issues in support of customized employment, and showcases of the implementation of customized employment from around the world. Internationally renowned experts in inclusive supported employment are involved in these presentations. We invite our international colleagues to present on their work on Inclusive Supported Employment, and to attend online sessions and presentations about this important topic. It will culminate in a focused pre-conference on Inclusive Supported Employment in Washington, DC in the fall of 2020.
